

President-elect of the
United Nations General Assembly
for the 77th session

Mr. Raymond Van Ermen
Executive Director
EPE

Subject: Letter of acceptance to providing patronage to „The Blockchain for the UN Charter Values & the SDGs Action 100 +” project

Dear Mr. Executive Director,

It is my pleasure to give my patronage of the 'global initiative' to bring together 100+ networks and platforms dealing with sustainable finance to fix a blockchain eco-system in support to the UN Charter values and the SDGs.

Science should be invited to inform us on the real impact of our decisions. Blockchain can be one of the technologies and methods to help us in keeping comprehensive accounts.

I wish you every success with the preparation for and the conduct of the above project.

Yours sincerely,

Ambassador Csaba Körösi

President-elect of the
United Nations General Assembly
for the 77th session
